THE RADIO FOR ALL VOICES

WELCOME TO LUXCON'S TENTH IN-PERSON EDITION, ELEVEN YEARS AFTER IT STARTED!

As we embark on another year of celebrating our shared love for science fiction, fantasy, and horror culture, and the media they are presented in, we are reminded of the incredible journey that has brought us here. LuxCon has grown from a small spark into a blazing beacon of creativity and camaraderie, thanks to each and every one of you.

This year, we continue to honour our past while embracing the exciting future ahead. LuxCon has become something to look forward to in the Grand-Duchy's cultural calendar and has inspired countless projects and fan associations over the years. It's a place where friendships are forged, ideas are exchanged, and passions are ignited.

Our community is the heart and soul of LuxCon. Your enthusiasm, creativity, and dedication have transformed this event into a vibrant celebration of speculative fiction. From the stunning cosplays to the engaging panels and workshops, every aspect of LuxCon is enriched by your participation. I am especially grateful for the volunteers and members of the organizing team who work tirelessly behind the scenes to ensure the event runs smoothly.

This year, we also take a moment to remember a dear friend we have lost. Luc Schreiner was a cherished member of our community, whose passion and kindness touched the lives of many. His presence at LuxCon, from the moment the idea appeared, was essential in its success. As we gather to celebrate, let us honour Luc's memory by continuing to support and uplift one another, just as he always did.

As fans of the 'what if' genres, we are always looking to the future. This year, Luxcon promises to be even more spectacular, with new events, special guests, and surprises that will delight and inspire. We are committed to fostering an inclusive, diverse, and innovative space where everyone can share in the joy of science fiction, fantasy, and horror culture.

Thank you for being part of LuxCon's journey. Your support and passion have made this event what it is today. We hope you enjoy this year's festival and continue to join us in the years to come. Let's celebrate the stories that connect us and look forward to the adventures that await.

ANDOR, LE STAR WARS DONT NOUS AVONS BESOIN ? // ANDOR, THE STAR WARS SERIES WE NEEDED?

[in French & English, with simultaneous translation]

[FR] Un empire surpuissant qui détruit petit à petit ses institutions démocratiques ? Des personnes issues de l'immigration victimes de violence policière arbitraire ? Des gens qui luttent pour pouvoir payer leurs factures d'énergie ? On pourrait croire à des titres tout droit sortis du journal pour parler de notre époque, et pourtant tout cela est présent dans la série Star Wars Andor. Alors pourquoi Andor est le Star Wars dont nous avons besoin ? Pourquoi ce changement de ton si radical dans l'univers Star Wars suscite une telle vague de critiques élogieuses et de discussions passionnées ?

[ENG] An all-powerful empire slowly destroying its democratic institutions? Immigrants victims of arbitrary police violence? People struggling to pay their energy bills? These might sound like headlines straight out of a newspaper about our times, but all of this is present in Star Wars' Andor. So why is Andor the Star Wars story we need?

Why is this radical shift in tone in the Star Wars universe generating such a wave of critical acclaim and passionate discussion?

DIE VAGABUNDEN - FANTASY IM ZEITSCHRIFTENHANDEL

Zum ersten Mal seit langem ist in Deutschland wieder eine Fantasy-Serie im Zeitschriftenhandel erhältlich! Monatlich gibt es eine neue Ausgabe von Die Vagabunden, in der eine bunte Truppe von Gauklern in einer High Fantasy-Welt voller Magie, Drachen und Intrigen in Machtkämpfe eingreift. Was sind die Herausforderungen, wenn man eine Serie unter einem so engen Zeitplan schreibt, und wie unterscheidet es sich von den vielen anderen Projekten, an denen Robert Corvus gearbeitet hat
